

Got buds on your trees yet? There might be some that don't bud out at all this year. Especially ash trees. Not with the Emerald Ash Borer on the prowl. How do you know when to get rid of your ash tree and move on? When it's dead makes sense. But before then, depending on a number of factors says La Crosse county ag agent, Steve Huntzicker

Cost is also a factor, says Huntzicker; typically the bigger the tree, the more it costs to remove.
