

Arrests Made In School Break In

Friday, 22 October 2010 09:41 -

Buffalo County authorities say they've solved one break-in at the Cochrane-Fountain City School and are investigating another.

Two former students broke into the school in August 2009, stealing thousands in electronics and damaging property.

Buffalo County Sheriff Mike Schmidtknecht says former students, 21 year old Thomas Grant of Winona and 21 year old Jonathan White of Fountain City, will be formally charged.

The school was again burglarized last month, when thieves stole a safe filled with cash from the District, FBLA and FFA concession stand and money from fundraisers.
