

Shelby Offers Signal For Bliss Road

Monday, 25 October 2010 21:22 -

People could be driving on Bliss Road today...if the city of La Crosse would allow it.

Shelby town chair Lynnetta Kopp told town residents last night that one lane of traffic on the closed road up Grandad Bluff can handle traffic. So she has proposed putting a temporary traffic signal, paid for by Shelby, on Bliss Road so it can reopen.

So far, no answer from Mayor Matt Harter or other city leaders. Some of the Shelby residents at a town meeting last night accused La Crosse of 'blackmail' and trying to pick their pockets to pay for a road entirely within city limits.
