

City Tree Pick-up Begins Today

Monday, 03 January 2011 12:00 -

Nothing says end of the Christmas season like trees getting dumped in the trash. Christmas tree pick-up begins today in La Crosse. City crews will be collecting trees curbside from today through January fourteenth. The city wants the trees naked: no ornaments, tinsel or tree bags and they should be out on the curb by seven in the morning. Trees can also get dropped off at the Isle La Plume brush site Monday through Friday.
