

Last year, the Great Rivers United Way, went over their annual campaign goal by about 2 percent. Jen Dobrenz is hopeful they will do that again this year.....though the goal is higher.

She says the \$2 million campaign is at 97 percent now....and though some may have thought the time was up to donate.....not true. The books close on January 31st so you still have time to call them or stop by their offices in Onalaska.

Dobrenz says that getting to 97 percent now.....says a great deal about the entire Coulee Region.
